

'Greet Box'

The new 'Greet Box' tool allows you to 'greet' your shoppers with either a custom Youtube video OR a static image (Recommended size: 686px x 391px PNG).

This is an excellent marketing tool to showcase specials, or to give instruction to your shoppers.

You will find controls for these optional features in store options. See instructions below.

Order Configurator

This tool always your shoppers to select colors, sizes and quantities inside of the Design Studio! They can also 'calculate' the pricing.

1. Select product colors
2. Add more colors
3. Contact us page link (links to your contact page)
4. Qty selection for each size
5. Pricing calculator
6. Add to cart: Will move over product details to the shopping cart!
7. Continue designing, will keep the configured order details in the order summary.

You will find controls for these optional features in store options. See instructions below.

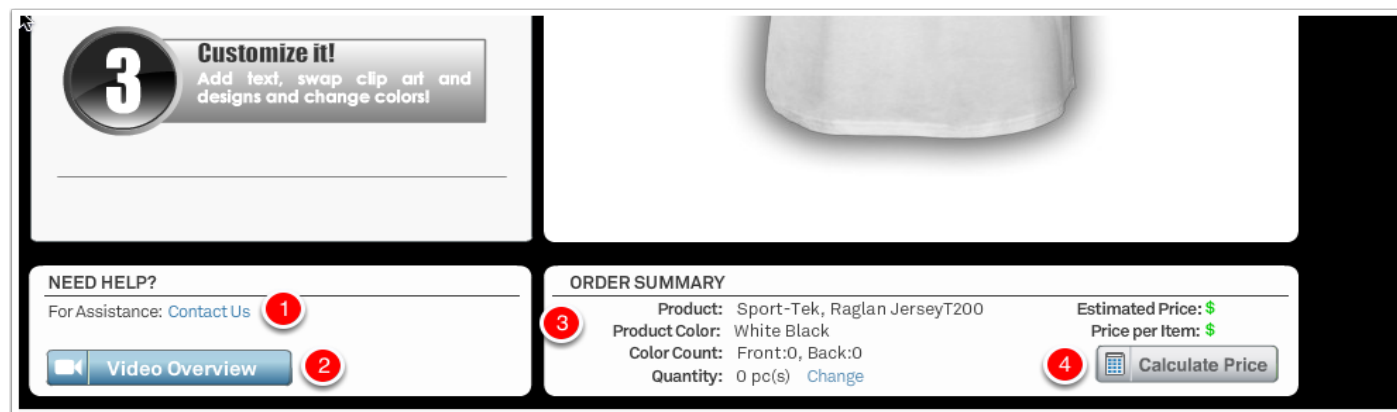

The screenshot shows the 'ADD TO CART' modal window. On the left, a sidebar contains three numbered steps: 1. Select a Product, 2. Create a Design, and 3. Customize it!. The main modal area includes a 'Product Color' section with three color swatches (black, red, purple) and a 'Sizes' section with a grid of size options (XS, S, M, L, XL, 2XL, 3XL) and quantity input boxes. A 'Calculate Price' button is located below the size grid. At the bottom of the modal, there is an 'Add to Cart' button and a 'Continue Designing' link. An 'ORDER SUMMARY' section at the bottom right of the modal displays the configured product details: Product: Sport-Tek, Raglan JerseyT200; Product Color: White Black; Color Count: Front:0, Back:0; Quantity: 0 pc(s). Red callout numbers 1 through 7 are overlaid on the interface to correspond with the list above.
